# Cocci: the hidden killer

Your lambs could  
be at risk **NOW**

Recent survey results have concluded  
that 93%<sup>†</sup> of sheep farms have  
Cocci present.

Cocci can remain dormant for up to 2  
years – you may not even be aware that  
your pasture is infected. Sadly this means  
an outbreak could happen at any time.

Although treatment after symptoms are  
visible may reduce the damage wreaked,  
many lambs will not recover lost condition  
and all will require extra feed and care to  
reach slaughter weight.

But cocci does not need to be disastrous –  
an outbreak can be avoided by preventative  
pre-treatment with Vecoxan drenches, as  
part of your lambing healthcare routine.

**93%<sup>†</sup> of sheep farms are  
INFECTED**

**Vecoxan<sup>TM</sup>** Prevent now. Don't pay later.

Further information available from: James Cadogan: 0872 590318, PJ Hamlin: 0876 867885, Ronan Fitzmaurice: 0876 622754,  
Mags Curtin: 0876 802372

Vecoxan contains diclazuril. Legal category [015]

# ALL YEAR ROUND PERFORMANCE

10kg Mini-tub

25kg  
tub

## EXTRA HIGH ENERGY

Crystalyx is the highest energy feed lick on the market - it is also fully mineralised.

Crystalyx plus good quality forage is sufficient feed for most situations. More will be necessary for early lactating or multiple births.

Crystalyx doesn't break up in the weather and lasts a long time because the product is hard at 99% dry matter due to a heating process.

1 Mini-tub will last 20 ewes approx 3 weeks at a cost of approx 6 cents per ewe per day.

**It take some licking!**

David Johnson Tel: 030 5040466

# Texels thrive on Tracesure and tyfon partnership

A family of Texel breeders who maximise the growth rates and fertility of their flocks by grazing on tyfon say this would not be an option if they didn't supplement with Animax trace element boluses.

John Davies and his sons, Hywel and John Eirian, grow tyfon as buffer for their Texels but before they started bolusing, lambs were developing white muscle disease as well as goitre due to goitrogens in the crop.

Thanks to the Tracesure boluses – which provide a slow release of selenium, iodine and cobalt over the grazing period – this is no longer a problem.

“I intend to keep growing tyfon because it is a cheap source of protein and a good cover for new leys but I wouldn't dream of grazing tyfon without using the boluses because the Texels need selenium, iodine and cobalt to prevent any problems with fertility and to maximise growth,” says John

**John Eirian Davies supplements his Texels with Tracesure boluses.**

Davies, who runs the Aman flock near Ammanford.

He boluses his Texel ewes and ram lambs at weaning. “If we didn't bolus I am confident we wouldn't have the growth rates we are getting,” he says.

John Eirian, who runs the Teilo flock at Llwynyrinn Farm, Capel Issac, boluses once before his lambs go onto the flock in May and again in the first week of August. “The performance of the flock in the sales since growing the crop has been unprecedented, the flock has broken its average and topline returns in each of the four years since we started growing tyfon,” he says.

# BORD BIA QUALITY ASSURANCE MARK

## DID YOU KNOW?...

### MEMBERSHIP

- There are over 40,000 livestock farmers in Ireland who are Bord Bia Certified Quality Assurance Scheme members.
- The highest number are beef farmers, followed by sheep, pigs, broilers, egg and turkey producers.
- Membership is open to all Republic of Ireland farmers who adhere to the high standards of the Schemes.

### BENEFITS

- Most of the best customers that Ireland has for meat and eggs will only buy product that originates on Certified Quality Assurance Scheme farms. These include all the Irish and UK supermarket groups, the big fast food chains like McDonalds, Burger King, and many of the biggest customers we have in Continental Europe also.
- It is our best means of promoting the full range of Irish meats to consumers here in Ireland, as well as overseas.
- Under the breed-specific beef programmes, producers are rewarded for supplying Hereford and Angus cattle meeting the desired specifications. Currently, bonuses of up to 15 cent per kg are available through these schemes.
- The Quality Payment Scheme (QPS) also includes a bonus of 6 cent per kg, which is payable on Quality Assured 'in spec' cattle.

### TAKE ACTION

- If you're not a member, you may be losing out on a premium, or at least limiting your sales options.
- Please do contact your meat plant, Teagasc, or Bord Bia directly to join, if you are not already a member.
- ***It's your guarantee of access to the best customers.***

€100

**RED MILLS**

feed voucher  
will be given to  
1 in every  
7 rams sold

# CONDITIONS OF SALE

1. The highest bidder to be the purchaser subject to paragraph 5. If any dispute shall arise between two or more bidders then the lot in dispute to be put up again and re-sold, or the auctioneer may declare the purchaser.
2. Purchasers to give their name and place of abode, and pay a deposit of 20% in part payment for each lot, or the whole of the purchase money, immediately or on the fall of the hammer if required.
3. All lots to be cleared away at the buyers expense at the close of the sale, to be at the risk of the purchaser from the time the lot is sold and to be taken with all faults and errors of description.
4. Purchasers at this sale not complying with the above conditions will be subject, without further notice, to have their lots resold whether by public auction or by private contract, the deposit money will be forfeited and any deficiency with all expenses attending such resale to be made good by the defaulters at this present sale.
5. No rams to be sold at less than €250 and no ewe will be sold less than €200. Buyers will be charged a fee of 5% of the sale price.
6. The first 6 lots in the male and female section if unsold can be re-run after the first 30 lots in each corresponding category.
7. All animals are sold as they stand and the purchaser is deemed to have examined each animal and fully satisfied himself/herself about the sheep prior to the sale.
8. The sellers and the auctioneers have described the sheep to the best of their ability and knowledge and any implied or express opinions, warranty or representation, statutory or otherwise howsoever, whether as to the capabilities of the sheep for stock or otherwise is hereby excluded.
9. Rams will be sold in the order in which they appear in the catalogue saving the Champion and Reserve Champion.
10. All lots are on the market from the first bid - when the auctioneers hammer falls the vendor may refuse or accept the final bid. No further bids are allowed.

## IMPORTANT

The sales inspectors will inspect and cull any sheep which in their opinion, have been brushed or trimmed save for the squaring of the tail as well as sheep incorrectly tattooed. Culled sheep may not go through the ring. All sheep passing the pre-sale inspection must be put through the sales ring, unless the sheep is obviously unwell.

http://www

Sheep Ireland® is assembling Ireland's first ever National Sheep Breeding Database

**The Database will include:**

- Commercial & Pedigree Flocks.
- User Friendly Screens for data recording.
- New Euro - Star Indices on all animals.
- Management Reports for Flockowners e.g.
- Lambing Report
- Growth Report
- Maternal Performance Report

Go to [www.sheep.ie](http://www.sheep.ie) or phone 1850 600 900 to find out more

Euro - Star Indices will be displayed in Sales Catalogues this season.  
Watch out for the sheep with the Stars!
