Dispersal Sale of the Adult Portion of the Murroe Texel Flock

Foreword

Due to a change in my farming system, it is with regret that I have decided to disperse the pedigree flock of Murroe Texels that I established 10 years ago. Since its establishment the aim has been to breed strong, tight skinned sheep that meet the demands of commercial sheep farmers. This has been proven by the flock enjoying good sales returns at the regional sales here in Raphoe.

Over the years some of the top bloodlines both from Irish and UK Texel flocks have been used. The flock has been performance recorded since its establishment and replacements have been selected using performance records. I am deeply indebted to the Mc Hugh Texel Flocks – Figart, Greenhill and Speenogue - for allowing me to use some of their top rams. The majority of the ewes at the dispersal sale have bloodlines going back to some of the top rams used in these flocks. Speenogue Pierre, Enniscrone Sensational and Glenside Tomboy bloodlines are dominant in the current ewe flock. Imported sires such as Garngour Nobleman, Tophill Knockout and Kiltarriff Santos have also been used and are in the ancestry of some of the current ewes.

The flock is on the Heptavac P programme and has been wormed and fluked prior to the sale.

I wish all purchasers good luck with their purchases and I hope the ewes will continue to perform as well as they have been doing for me over the past 10 years.
