CONDITIONS OF SALE

1. All entries must be penned for inspection by 10.30 a.m.
2. The inspectors will inspect all entries and cull any sheep which, in their opinion, are not up to standard, or which have been brushed, trimmed or which have been incorrectly tattooed.
3. Sheep to be sold in Euro. Buyers will be charged a fee of 5% of the sale price.
4. No rams will be sold under €200. No opening bid less than €150.
5. Rams will be sold in the order in which they appear in the catalogue.
6. Rams in lots 1 to 5 not sold will be allowed back in the ring at the end of the Shearling Rams.
7. The Champion and Reserve Champion will be sold after the Shearling Rams and before the Ram Lambs but, if the Champion is a Shearling Ram, the owner has the option of selling him at his lot number.
8. All animals are sold as they stand and the purchaser is deemed to have examined each animal and fully satisfied himself/herself about the animal prior to sale.

EUROSTARS EXPLAINED

Lambplus is the new sheep performance scheme being serviced by 'Sheep Ireland' the sheep section of ICBF. At the present time it evaluates sheep on three traits that relate to profitability in sheep. They are Meat Production, Maternal and Lambing. They are measured in Eurostars.

Eurostars help give an instant indication as to where an index for a particular animal places it compared to all other animals within its breed.

***** 5 stars : top 20%

**** 4 stars : top 60-80%

*** 3 stars : 40-60%

** 2 stars : bottom 20-40%

* 1star : bottom 20%

Guidelines about how to use the Eurostars

Ram Purchasers should:

1. Identify what aspects of their flocks performance they would like the ram to improve in their flock i.e. Production, Maternal, Lambing Sub-Index.
2. Select those rams that have at least 4 Eurostars for the desired Sub-Index(s).
3. Pay attention to the Accuracy % of the Eurostars at all times.
4. The selected Ram should of course meet with the Purchaser's requirements from a visual viewpoint.
5. The Eurostar figures should be used as a tool to help in the selection process. The higher the Accuracy of the figures the more they can be relied upon.
