BORD BIA QUALITY ASSURANCE MARK

DID YOU KNOW?...

MEMBERSHIP

- There are over 40,000 livestock farmers in Ireland who are Bord Bia Certified Quality Assurance Scheme members.
- The highest number are beef farmers, followed by sheep, pigs, broilers, egg and turkey producers.
- Membership is open to all Republic of Ireland farmers who adhere to the high standards of the Schemes.

BENEFITS

- Most of the best customers that Ireland has for meat and eggs will only buy product that originates on Certified Quality Assurance Scheme farms. These include all the Irish and UK supermarket groups, the big fast food chains like McDonalds, Burger King, and many of the biggest customers we have in Continental Europe also.
- It is our best means of promoting the full range of Irish meats to consumers here in Ireland, as well as overseas.
- Under the breed-specific beef programmes, producers are rewarded for supplying Hereford and Angus cattle meeting the desired specifications. Currently, bonuses of up to 15 cent per kg are available through these schemes.
- The Quality Payment Scheme (QPS) also includes a bonus of 6 cent per kg, which is payable on Quality Assured 'in spec' cattle.

TAKE ACTION

- If you're not a member, you may be losing out on a premium, or at least limiting your sales options.
- Please do contact your meat plant, Teagasc, or Bord Bia directly to join, if you are not already a member.
- ***It's your guarantee of access to the best customers.***

Cocci: the hidden killer

Your lambs could be at risk **NOW**

Recent survey results have concluded that 93%[†] of sheep farms have Cocci present.

Cocci can remain dormant for up to 2 years – you may not even be aware that your pasture is infected. Sadly this means an outbreak could happen at any time.

Although treatment after symptoms are visible may reduce the damage wreaked, many lambs will not recover lost condition and all will require extra feed and care to reach slaughter weight.

But cocci does not need to be disastrous – an outbreak can be avoided by preventative pre-treatment with Vecoxan drench, as part of your lambing healthcare routine.

93%[†] of sheep farms are INFECTED

Vecoxan[™] Prevent now. Don't pay later.

Further information available from: James CalVegan 08/77 590108, PJ Hankins 08/76 84/884, Susan Mckenzie 08/76 422714, Mags Curtis 08/76 872572
Vecoxan contains diclazuril. Legal category 

[†] Based on findings of the UK national outbreak survey 2005 in association with the VISA.

ANIMAL HEALTH

CONDITIONS OF SALE

1. The highest bidder to be the purchaser, subject to paragraph 5. If any dispute shall arise between two or more bidders then the lot in dispute to be put up again and re-sold, or the auctioneer may declare the purchaser.
2. Purchasers to give their names and places of abode, and pay a deposit of 20% in part payment for each lot, or the whole of the purchase money, immediately upon the fall of the hammer if required.
3. All lots to be cleared away at the buyer's expense at the close of the sale, to be at the risk of the purchasers from the time the lot is sold, and to be taken with all faults and errors of description.
4. Purchasers at this sale not complying with the above conditions, will be subject, without further notice, to have their lots re-sold, whether by public auction or by private contract, the deposit money will be forfeited, and any deficiency, with all expenses attending such re-sale, to be made good by the defaulters at this present sale.
5. No Rams to be sold at less than €250, and no Ewe will be sold at less than €200. Buyers will be charged a fee of 5% of the sale price.
6. Lots 1 to 6 not sold will be allowed back in the ring after lot no. 11.
7. Any sheep having artificially coloured fleeces shall be disqualified.
8. The sellers and the auctioneers have described the sheep to the best of their ability and knowledge, and any express or implied conditions, warranty or representation statutory or otherwise howsoever, whether as to the capabilities of the sheep for stock or otherwise, is hereby excluded.
9. All animals are sold as they stand and the purchaser is deemed to have examined each animal and fully satisfied himself/herself about the animal prior to sale.
10. Rams will be sold in the order in which they appear in the Catalogue, saving the Champion and the Reserve Champion.
11. All lots are "on the Market" from 1st bid – when the Auctioneer's hammer falls, the vendor may refuse or accept the final bid. No further bids are allowed.

IMPORTANT:

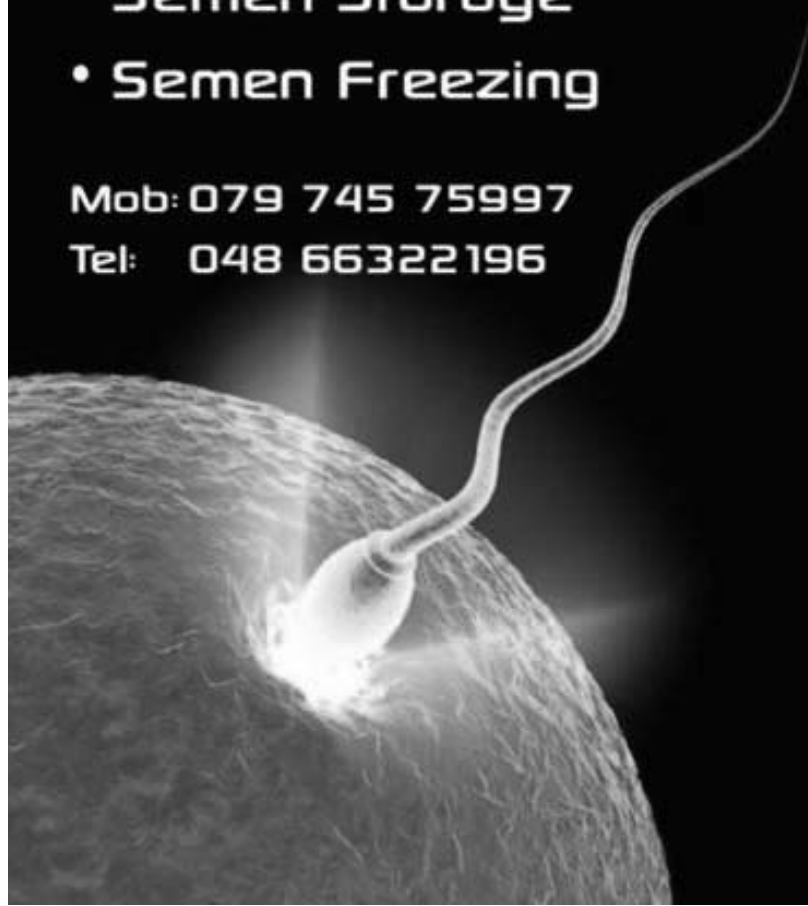

The sales inspectors will inspect all entries and cull any sheep which, in their opinion, have been brushed or trimmed save for squaring of the tail as well as sheep incorrectly tattooed. Culled sheep may not go through the ring. All sheep passing the pre-sale inspection must be put through sales ring, unless the sheep is obviously unwell.

EUROSTARS EXPLAINED

LambPlus is the new sheep performance scheme being serviced by 'Sheep Ireland' the sheep section of ICBF. At the present time it evaluates sheep on three traits that relate to profitability in sheep. They are Meat Production, Maternal and Lambing. They are measured in Eurostars. Eurostars help give an instant indication as to where an index for a particular animal places it compared to all other animals within its breed.

*****	5 stars: top 20%
****	4 stars: top 60-80%
***	3 stars: 40-60%
**	2 stars: bottom 20-40%
*	1 star: bottom 20%

Guidelines about how to use the Eurostars

Ram Purchasers should:

1. Identify what aspects of their flocks performance they would like the ram to improve in their flock i.e. Production, Maternal, Lambing Sub-Index.
2. Select those rams that have at least 4 Eurostars for the desired Sub-Index(s).
3. Pay attention to the Accuracy % of the Eurostars at all times.
4. The selected Ram should of course meet with the Purchaser's requirements from a visual viewpoint.
5. The Eurostar figures should be used as a tool to help in the selection process. The higher the Accuracy of the figures the more they can be relied upon.

Connolly's
RED MILLS

SINCE 1908

Pedigree / Commercial Lamb Feeds

Feeding for Performance

18% No. 1 Lamb Cooked Starter

Specially formulated as a starter creep feed for young commercial and pedigree lambs. Contains a unique blend of cooked cereals and proteins.

17% No. 2 Lamb Creep Feed

A high energy feed specifically formulated to supply the nutrient requirements of pedigree / commercial lambs from the first creep feed, through finishing, to show / sale. Extremely nourishing and palatable feed.

Sheep Ireland® is assembling Ireland's first ever National Sheep Breeding Database

The Database will include:

- Commercial & Pedigree Flocks.
- User Friendly Screens for data recording.
- New Euro - Star Indices on all animals.
- Management Reports for Flockowners e.g.
- Lambing Report
- Growth Report
- Maternal Performance Report

Go to www.sheep.ie or phone 1850 600 900 to find out more

Euro - Star Indices will be displayed in Sales Catalogues this season.
Watch out for the sheep with the Stars!

ALL YEAR ROUND PERFORMANCE

CRYSTALYX

40kg Midi-tub

22.5kg
Mini-tub

EXTRA HIGH ENERGY

Crystalyx is the highest energy feed lick on the market - it is also fully mineralised.

Crystalyx plus good quality forages is sufficient feed for most situations. Meals will be necessary for early lambing or multiple births.

Crystalyx doesn't break up in the weather and lasts a long time because the product is hard at 99% dry matter due to a heating process.

1 Mini-tub will last 20 ewes approx 3 weeks at a cost of approx 6 cents per ewe per day.

It take some licking!

David Johnson Tel: 078 50494861

Two Problems

One Solution

CYDECTIN TriclaMox is a new combination fluke and worm drench.

It contains moxidectin and triclabendazole and is the **ONLY** product to kill all stages of fluke and provide long-lasting worm control* in a single dose.

Treat mixed infections of fluke and worms with one solution.

* 5 weeks persistent activity against the main stomach worms *Trichostrongylus* and *Haemonchus*.

 **Animal Health**

CYDECTIN TRICLAMOX

Potent worm and fluke combination
